

Think 20 Indonesia Task Force 5 Inequality, Human Capital, and Well-being

About G20

- International cooperation forum for world's major economies
- Account for >80% of world GDP, 75% of global trade, and 60% of the planet's population

About T20

- Official engagement group of the G20 bringing together the major think tanks and research centers working on the G20 agenda and global governance issues
- As **Global Ideas Bank**, a process in which T20 includes hundreds of researchers and dozens of think tanks from around the world
- Provides **independent and analytical** recommendations to G20's decision-making process
- Promotes international cooperation by providing more informal but honest and foresight discussions among think tanks and researchers
- Initiates **transnational policy dialogue on emerging issues**

T20 Activities & Deliverables

Main Events

T20 Inception Conference

T20 Summit

Policy Briefs

T20 Communique

T20 Task Force

Task force is a working group that aims to address specific issues related to G20 & T20 priority agendas. Each TF is expected to produce high quality policy recommendations and policy briefs as its deliverables. The TFs will also held some internal and external activities such as meetings, workshop and roundtables.

Task Forces of T20 Indonesia

TF1

Open trade and sustainable investment

TF2

Meaningful digital connectivity, cyber security, empowerment

TF3

Governing climate target, energy transition and environmental protection

TF4

Food security and sustainable agriculture

TF5

Inequality, human capital, and well-being

TF6

Global health security and COVID-19

TF7

International finance and economic recovery

TF8

Inclusive, resilient, and greener infrastructure investment and financing

TF9

Global cooperation for SDGs financing

Task Force 5 Co-chairs

Asep Suryahadi - Lead

Alejandra Cardini

Vivi Alatas

Shanta Devarajan

Tetsushi Sonobe

Elan Satriawan

Task Force 5 Policy Briefs

91 policy brief abstracts in total, and 18 abstracts were selected

1. How we can recover the learning loss from COVID-19 pandemic (19)
2. Ensuring edtech for all to embrace the future of work (5)
3. Addressing the double burden of stunting and obesity (7)

Principal Investigator of Economic Development, CIPPEC

PwC and Adjunct Professor NYU Stern School of Business

Partners:      Supported By:  

Side Event #1: Bridging The Future of Work

How to ensure inclusive
future of works to prevent
from increasing inequality
both within countries and
between countries

1. Developing **education systems that are centered on students** by considering their diversity and providing them with flexibility
2. Providing opportunities for workers for **upskilling and reskilling to match their skills** with demand and technological developments
3. Making **access to internet as a basic rights** and government policies should be directed toward ensuring access to internet for marginal groups, such the poor, women, and people with disability
4. **Countries should open for sharing and learning from each other** about what works and what does not work in the policies for shaping up the future of works

Side Event #2: Rethinking Social Protection Reform

- To discuss how reforms in social protection can be properly designed and implemented to address many of the key challenges facing developed and developing countries
- To strengthen the conversation between developing and developed countries on the reform of social protection

Task Force 5 T20/G20 Indonesia

Rethinking Social Protection Reform in the Post-Pandemic Recovery

Thursday, 21 April 2022
16:00-18:00 JST
/14:00-16:00 WIB (GMT+7)

- To develop recommendations for G20 on how to scale up an inclusive digital learning to achieve a more prosperous future for all

Host Organizations: ADB Institute 25th Anniversary SMERU

Partners: Task Force 5 T20 INDONESIA 2022 CIPPEC2020 UNIVERSITAS PENDIDIKAN INDONESIA TNP2K

Supported by: Tanoto Foundation

Task Force 5 T20/G20 Indonesia

Contribution of Technology to Achieving Quality Learning for All

This webinar will develop recommendations for G20 on how to scale up an inclusive digital learning to achieve a more prosperous future for all.

Tuesday, 24 May 2022
14:00–16:00 (Jakarta time)
16:00–18:00 (Tokyo time)

Live at:
Asian Development Bank Institute
The SMERU Research Institute

Registration:
bit.ly/ADB-SMERU_webinar2

Opening Remarks		Keynote Speakers			Moderator	Panelists			Closing Remarks
Ambassador of Japan to Indonesia	Ambassador of the Republic of Indonesia to Japan	Dean & CEO, Asian Development Bank Institute (ADB)	UNESCO Assistant Director-General for Education	Director General of Teachers & Education Personnel, MoECRT, Republic of Indonesia, Chair Working Group Education G20	Lead Co-chair of Task Force 5, The SMERU Research Institute, Indonesia	Chief of Education Sector Group of Asian Development Bank	CEO Global Tenoto Foundation	Research Group Lead, Critical Applied Research of Digitalization in Education of Tampere University of Applied Sciences	Director of The SMERU Research Institute, Host Institution of TF5 T20

Side Event #3: Education Technology for All

How to scale up inclusive digital learning to achieve a more prosperous future?

1. Ensuring that **inclusive pedagogy is the main focus to achieve quality learning**
2. Supporting investment in hybrid and blended learning and **integrating digital skills into school and teacher training curriculum**
3. **Promoting research to support evidence** on how integration of technology in learning can be done to revolutionize education
4. Selecting **effective technology** that is not only able to deliver impressive progress in learning but also **affordable and highly scalable** even for the most marginalized groups of population
5. Enhancing the contribution of technology not just for **inclusive learning** but also to **enhance the governance and education ecosystem** holistically.

Side Event #4: Building educational perspectives for a common future (15 June 2022)

- Organized by CIPPEC (Argentina)
- Organization in collaboration: IIEP-UNESCO, UNESCO, INEE, Center for Policy Research
- Objective:
 - to encourage discussion toward policy action to recovery for stronger collective future
 - To mobilize knowledge to address an explicit renewal of the 'social contract' for education, within and beyond T20/G20 networks

Side Event #5: Multidimensional poverty in the midst of the covid-19 pandemic

- In collaboration with FEB UI and OPHI Oxford University
- **Objectives:**
 1. To discover concrete solutions to these challenges and compile them into policy recommendations that highlight and strengthen the TF5's communique document, which will be presented to G20 nations.
 2. To foster cross border collaboration in research, which aim to contribute to the formation of robust evidence-based policies that leave no-one behind, in the quest of alleviating poverty and reducing inequality
- **Distinguished speakers:**
 - Professor Sabina Alkire (OPHI, Oxford University)
 - Professor Amartya Sen (Harvard University)
 - Professor Ari Kuncoro (Universitas Indonesia)
 - H.E. Dr Sri Mulyani (Minister of Finance)

In collaboration with and supported by:

T20 Task Force 5 Side Event
in collaboration with **FEB UI** and **OPHI Oxford University** on:
Multidimensional Poverty in the Midst
of the COVID-19 Pandemic: A Commitment to Reducing Poverty in All Its Forms

Priority Challenges

- How to enable inclusive and resilient education systems for recovery to build stronger collective futures
- How to scale up inclusive digital learning to achieve a more prosperous future?
- How to design a comprehensive, inclusive, and resilient social protection system post-COVID-19 pandemic that addresses the key challenges facing developed and developing countries, including disability, longevity poverty, gender equality, and non-traditional workers
- How to ensure inclusive future of works to prevent from increasing inequality both within countries and between countries
- How to ensure that digitalization of micro, small, and medium enterprises (MSMEs) can promote economic inclusion and not widening income inequalities
