# Indonesia: Teachers, Parents, and EdTech.

PINTAR Annual Report & Survey (2021-2022)

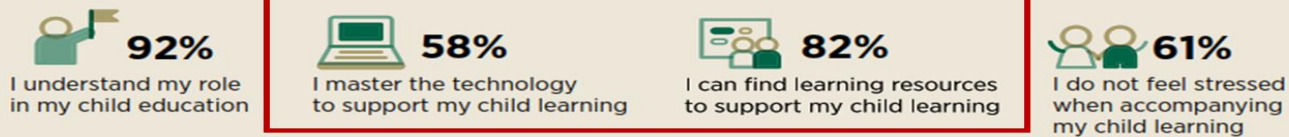

## EdTech Penetration among Teachers

The online survey was conducted with 1,368 teachers from 28 districts in 6 provinces in May 2020

Only around 3% of our teachers have used the more sophisticated technology in their classroom to support distance learning

## % of parents responded agree and strongly agree on the following statements.

The online survey was conducted with 2,291 parents from 18 districts in 5 provinces in May 2021

Parents are increasingly involved and engaged with their children's education.

 and above  
 Leadership  
 Development

- University scholarship & leadership development
- Civil service leadership development

Emerging Leaders

# Harnessing the power of technology for education

## Key Areas

### Innovation:

Digital platform development enabling self regulated learning

### Knowledge creation:

Research & innovation in new education practices & technologies

### Open Access:

For quality contents & learning references

## RECENT INITIATIVES (2021-2022)

### e-PINTAR

Using LMS, participants can independently learn virtually and supporting the facilitated learning.

It is also adopted by Dinas Pendidikan and Teacher Training Institute.

### Pilot Programs

With ADBi, High Touch High Tech to implement adaptive learning to catch up Numeracy learning.

Collaboration with JPAL, SMERU, and Mentari Teachers Academy

### School Digitalization

With KIPIN, implemented pilot to digitalize schools.

Through our network KIPIN won MIT+Solve Award for innovation, receiving funding for building capacity in Impact Measurement.

### Open Access

Providing quality contents (modules shared to various govt. institutions' LMS & MOECRT's Super App – Platform Merdeka Mengajar)

## Systemic Change

To create systemic change, close collaborations within the ecosystem: governments, development partners, academics and universities, networks, and like-minded organizations.

## Key Stakeholders

### Government

- Technical Assistance to Government
- Knowledge Creation Activities
- Policy Advocacies

### Changemakers

- Teacher Training Institute Development
- Education Technologies
- Knowledge Building Agents/Org.

### Likeminded Organizations

- Relevant NGOs/Philanthropy organizations
- Think Tanks & Research Organizations
- Universities & Academics

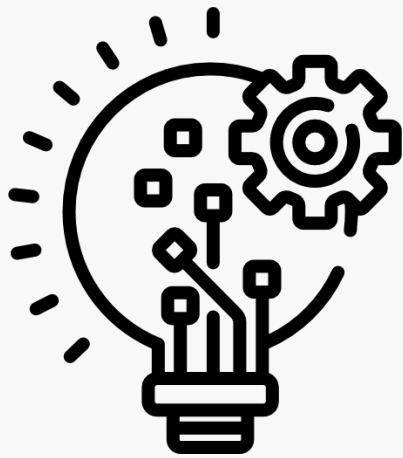

# Committed to Transformation
